Branches in the Breeze
Collaboration Collection

Each springtime, the cherry blossom tree returns to life, symbolising rebirth. Branches In The Breeze captures the fleeting beauty of these majestic trees.

With branches falling from the top of the design, this wallcovering is particularly well-suited to rooms with dado rails, half-height panelling or lots of furniture.

Branches in the Breeze SP002

Fromental wallcoverings are hand-made to order. The designs within the Sophie Paterson Collection consist of a series of panel layouts which then repeat. Each design can be ordered as a straight run or tailored to fit by both trade and retail clients.

Straight-run

Supplied as a series of joining panels. In order to calculate the number of panels required, simply specify the wall height and the perimeter of the walls to be covered.

Tailored

We can also tailor the designs to each room. We will place the design and panel seaming to fit the space and ensure optimal installation, and submit a miniature design layout for client approval prior production.

This service carries a tailoring fee between 10-30% depending on complexity.
