P012 Raw Silk

A textural silk ground, where sheer open-weave silk overlays a printed colour base, creating a subtle interplay of texture and tone.

Technical information

Material and Technique

Raw Silk is a textured woven fabric hand-mounted onto paper backing. The slubs are organic and natural variations within the silk. Unevenness both in tone and direction of the slub should be expected. A panelled effect after installation is normal and should be expected.

P012 Raw Silk – Paper-backed silk

Colour

Silk is a natural material and there may be minor blemishes and imperfections as well as slight colour variations between panels. This is a desirable aspect of silk and should be expected.

Available in 11 colours.

Dimensions

Height – Panels are supplied as specified cut lengths. We recommend a minimum of 150mm/6" higher than specified wall height. Standard panel height is up to 4300mm/14ft. Panels over the standard height are available with a surcharge.

Width – Standard panel width 915mm/36" plus 15mm/1/2" trim.
