FROMENTAL

Along the Wild Path  
Collaboration Collection

The goop x Fromental collaboration reimagines Fromental's core chinoiserie style, embellishing a cherry blossom grove with goop's own symbols of transformation. From birds and woodland creatures to medicinal herbs like cannabis and mushrooms, there is a huge amount of allegory within the elements.

Our two colourways; Dawn and Dusk, are made as hand-painted and embroidered original wallcoverings, as well as printed wallpapers.

Each painted panel starts as a length of raw silk, which is brushed with an iridescent pearl wash to add further lustre. Our artists are masters of traditional Chinese painting, often using two brushes simultaneously.

Our embroiderers work with unspun silk floss for incredibly fine stitching, with 600 stitches in a single blossom. An individual panel can take up to 400 hours to complete.

Fromental wallcoverings are hand-made to order, tailored for each room. From supplied elevations and floor plan, we will place the design and panel seaming to ensure optimal installation.
