

FROMENTAL

Rexine
Lumière

Rexine grew out of our love for the tooled leather bookbinding of Ivor Robinson. Our 'Cartonnage' paper was designed to mimic the texture of a burnished leather book cover. Multiple shades of this material are torn and then collaged together, waxed and hand-finished.

The bold composition and fine gilded detailing are balanced by the soft organic sheen of the waxed paper ground.

Fromental wallcoverings are hand-made to order, tailored for each room. From supplied elevations and floor plan, we will place the design and panel seaming to ensure optimal installation.
