Magnolia Canopy
Collaboration Collection

A paired back, modern chinoiserie design, 'Magnolia Canopy' depicts branches of the magnolia tree flowing down from the ceiling. The overall feeling of this design is one of refined elegance.

How to Order

Fromental wallcoverings are hand-made to order. The designs within the Sophie Paterson Collection consist of a series of panel layouts which then repeat. Various example panel layouts are available to fit different wall sizes.

Each design can be ordered as a straight run or tailored to fit by both trade and retail clients.

Straight-run

Supplied as a series of joining panels. In order to calculate the number of panels required, simply specify the wall height and the perimeter of the walls to be covered.

Tailored

We can also tailor the designs to each room. We will place the design and panel seaming to fit the space and ensure optimal installation, and submit a miniature design layout for client approval prior production.

This service carries a tailoring fee between 10-30% depending on complexity.
