Oak Leaf  
Collaboration Collection

Oak Leaf is the latest design to join the Fromental by Sophie Paterson collection. Branches dance elegantly across a silk canvas, the sense of movement emphasised by hand-embroidered leaves and acorns. The design bridges a masculine-feminine aesthetic and feels fresh for the summer months but cosy in the winter.

Fromental wallcoverings are hand-made to order. The designs within the Sophie Paterson Collection consist of a series of panel layouts which then repeat. Each design can be ordered as a straight run or tailored to fit by both trade and retail clients.

## Straight-run

Supplied as a series of joining panels. In order to calculate the number of panels required, simply specify the wall height and the perimeter of the walls to be covered.

## Tailored

We can also tailor the designs to each room. We will place the design and panel seaming to fit the space and ensure optimal installation, and submit a miniature design layout for client approval prior production.

This service carries a tailoring fee between 10-30% depending on complexity.

## Technical Information

### Material and Technique

Hand-painted and hand-embroidered on paper-backed silk.

### Dimensions

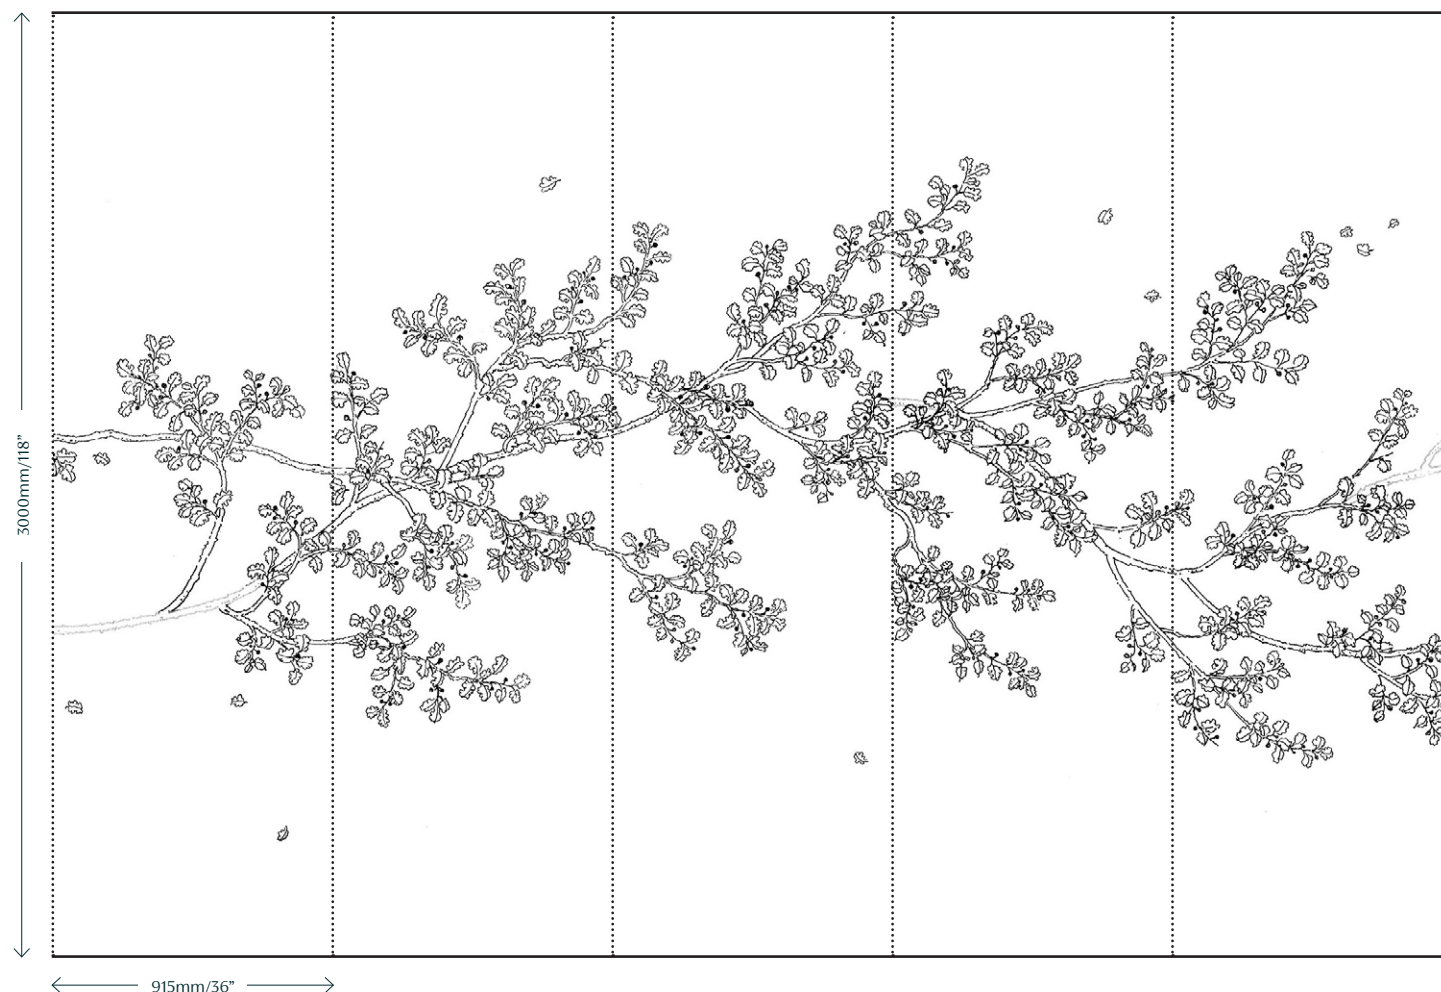

**Straight-run Height** - Panel height is 3m / 10ft.

**Tailored Height** - Panel height as specified. Panels are supplied 300mm/12" higher than specified wall height.
